#### **REPORT**

**By Alexander Georgiev – Director of Investor Relations in**

**BULGARIAN REAL ESTATE FUND SPV**

**To the ordinary annual General meeting of the shareholders in the Company  
scheduled for 26 July 2016**

---

Dear shareholders, members of the Board of Directors and guests to the General meeting of Bulgarian Real Estate Fund SPV,

The position of Director of Investor Relations in public companies has been introduced as part of the legislative changes aimed at more complete and timely disclosure of information by the public companies to their shareholders, future investors and competent authorities, as well as at protection of the rights of both majority and minority shareholders.

Bulgarian Real Estate Fund SPV is a public company filed in the Companies register in December 2004, and in May 2005 the company was licensed by the Financial Supervision Commission to carry out business as a special purpose vehicle.

The major events related to the activity of Bulgarian Real Estate Fund in 2015 are described in detail in the annual report of the Board of Directors on the activity and management of the special purpose vehicle in 2015.

In view of the events related to the activity of Bulgarian Real Estate Fund SPV in 2015, my work as Director of Investor Relations was aimed at the following four main directions:

I. The first direction of my work as Director of Investor Relations in Bulgarian Real Estate Fund SPV was related to forwarding the materials for summoning of the General Meeting to all shareholders, who had requested to review them, within the time limits stipulated by the law.

Each invitation to attend the General meeting of the shareholders of Bulgarian Real Estate Fund SPV, including the materials concerning the agenda, was sent within the time limit set by the law to the Deputy Chair in charge of the Investment Supervision Department, Bulgarian Stock Exchange Sofia AD and in the public domain.

The invitations to convene the General Meeting of the shareholders in Bulgarian Real Estate Fund SPV were announced in due time in the Companies Register.

The materials on the agenda of each session of the General Meeting of the shareholders were available to the shareholders at the registered address of the Company from the date of publication of the invitation in the Companies register and on the website of the company. Additionally, in the cases, when this was expressly requested by individual shareholders in the Company, the materials were sent to be reviewed by them.

II. The second direction of my work was related to my obligations to keep and store the documentation regarding the decision-making process in Bulgarian Real Estate Fund SPV.

The bodies of the Company, which make decisions in connection with its business, are the General meeting of the shareholders and the Board of Directors.

---

The Board of Directors of Bulgarian Real Estate Fund SPV would convene meetings every time when necessary for the normal operation of the Company.

Detailed minutes were kept for the agenda, made proposals, discussions, voting and passed decisions at each session of the General Meeting of the shareholders and of the Board of Directors. The originals of these minutes are kept with the documentation of Bulgarian Real Estate Fund SPV. The minutes from all sessions of the General meeting and some of the minutes of the sessions of the Board of Directors (in the cases when this is explicitly provided by the law) are sent in due time to the Deputy Chair in charge of the Investment Supervision department of the Financial Supervision Commission and Bulgarian Stock Exchange Sofia AD (and any other authorities/persons, as provided by the law). Each shareholder is entitled to review the contents of the minutes from the session of the General meeting and may also receive a copy thereof (from the Deputy Chair in charge of the Investment Supervision Department of the Financial Supervision Commission).

The presence of the Director of Investor Relations at such sessions is an additional guarantee that the decisions of the General meeting of the shareholders, or the Board of Directors, as the case may be, are discussed and adopted in compliance with the requirements of the acting Bulgarian legislation and the Articles of Association of Bulgarian Real Estate Fund SPV, in the interest of all shareholders in the Company and in a transparent manner.

III. The third direction of my work as Director of Investor Relations in the Company was related to the obligations regarding the disclosure information by Bulgarian Real Estate Fund SPV to the Financial Supervision Commission, Bulgarian Stock Exchange – Sofia AD, Central Depository AD and other persons/authorities.

You are aware that the public companies are subject to a very strict supervision by the Financial Supervision Commission, in particular by the Investment Supervision Department. This, however, applies to a greater extent to special vehicle purposes – alongside with the obligations to disclose information, we are also under the obligation, in the cases provided by the law, to make requests for preliminary approval of series of actions that concern companies such as ours. For example, public companies are obliged to notify the Financial Supervision Commission of any changes in their articles of association only. Unlike these, Bulgarian Real Estate Fund SPV, as a special purpose vehicle, is obliged to submit for approval by the Deputy Chair in charge of the Investment Supervision Department of the Financial Supervision Commission the changes in its articles of association adopted by the General Meeting of the shareholders, provided that such changes may be submitted for filing in the file of the Company in the Companies register kept by the Registry Agency only and after such approval has been granted.

We have put the necessary efforts to submit in time to the Deputy Chair in charge of the Investment Supervision Department of the Financial Supervision

---

Commission all financial statements (quarterly and annual) and other notices concerning the activity of the Company (such as acquisition or sale of real estates, construction, etc.), provided that these have had contents complying with the requirements of the applicable legislation. The information disclosed to the Financial Supervision Commission was sent within the same time limits and contents to Bulgarian Stock Exchange – Sofia AD and the in the public domain, as well as to other persons/authorities in the cases provided by the law.

During the period since the licensing of the Company until now the Financial Supervision Commission has not imposed any compulsory administrative measures on Bulgarian Real Estate Fund SPV due to failure to comply with its obligations to disclose information or failure to comply with other obligations laid down in the Bulgarian legislation in effect.

IV. The fourth direction of my work was related to the maintenance of efficient relationships and contacts among the members of the Board of Directors and the shareholders in Bulgarian Real Estate Fund SPV and the other persons interested to invest in securities issued by the Company.

In connection with this, in the reporting 2015 we put the necessary efforts to provide you on a timely basis with information about the progress of the Company activity, its ongoing financial and economic position and other details that were material to the current and future investors in Bulgarian Real Estate Fund SPV.

- We would notify in time our shareholders of the summoning of the General Meeting of the shareholders by announcement of an invitation in the Companies register, and the materials of the agenda of each session were made available to the shareholders at the registered address and on the website of the of the Company from the date of announcement of the invitation; the materials were sent for review, subject to a specific request by individual shareholders;
- Simultaneously with the submission of the quarterly and annual financial statements of the Company to the Deputy chair in charge of the Investment Supervision Department of the Financial Supervision Commission and to Bulgarian stock Exchange – Sofia AD, the said reports were made available in the public domain.
- In the past 2015 the Director of Investor Relations and all members of the Board of Directors were available to the shareholders and all other future investors in Bulgarian Real Estate Fund SPV, answering the raised questions about the activity of the Company.
